

# FACT SHEET

## **Environment**

Air Pollution  
Bedbugs  
Climate Change  
Extended Producer Responsibility  
Influenza  
Lyme Disease  
Parkinson's Linked to Residential  
Pesticides Use  
Pesticides  
West Nile Virus

## **Occupational Health & Safety**

### **Issues**

Accident Investigations  
Behaviour Based Safety Programs  
C-4 Federal Right to Refuse  
Cancer and the Worker  
DuPont Safety System  
Ebola Virus  
H1N1 Virus  
Heat Stress  
How Chemicals Poison You  
Light Duties -- Who Benefits  
Loss Control, 5 Star Program  
Medical Issues -- Your Right to Privacy  
Occupational Lung Disease  
Overuse Injuries  
Rehabilitating Disabled Workers  
Safety Awards Blame Workers  
SARS  
Stress in the Workplace  
Time Study  
TLV's  
Universal Precautions for Infection  
Control  
(Changes to Part 2 Canada Labour Code)

### **Physical Hazards**

Back  
Computers  
Feet

Hand/Wrist/Arm  
Industrial Noise  
Ionizing Radiation  
Lighting  
Needlestick Injuries  
Non-ionizing Radiation  
Rubber Industry  
Shoulders  
VDT's  
Vibration White Finger Disease  
Working on Your Feet

### **Hazardous Substance**

Ammonia  
Anthrax  
Antimony and Compounds  
Arsenic  
Asbestos  
Beryllium  
Cadmium  
Carbon Dioxide  
Carbon Monoxide  
Chlorine  
Chromium  
Copper  
Diesel Exhaust  
Fluorides  
Fluorocarbons  
Formaldehyde  
Hydrogen Sulphide Acid Mist  
Iron Oxide  
Isocyanates  
Latex  
Lead Poisoning  
Legionnaires'  
Manganese  
Man-Made Mineral Fibres  
Metalworking Fluids  
Moulds and Fungus  
Multiple Chemical Sensitivity Syndrome  
Nickel  
Ozone  
PCB's

Plastics  
Rock Wool and Slag Wool  
Sick Building Syndrome  
Silica  
Silver and Compounds  
Sodium Hydroxide  
Styrene  
Sulphur Dioxide  
Sulphuric Acid  
Trichloroethylene  
Tuberculosis (TB)  
Zinc Oxide

### **Provinces/Regions**

Nova Scotia  
Ontario  
BC WHMIS 2015  
NB WHMIS 2015
